Who Should Attend
- Neurotechnology Executives
- Venture Capital Professionals
- Entrepreneurs
- Healthcare Professionals
- Neural EngineeringResearchers

Technologies Covered
- Neuromodulation
- Neuroprosthetics
- Deep Brain Stimulation
- Neurorehabilitation
- Brain Sensing Technologies
- Bioelectronic Medicine
- Consumer Neurotech

Issues Discussed
- Obtaining Financing
- Partnering Opportunities
- Reimbursement Outlook
- Relationships with Bio/Pharma Firms
- Marketing and Distribution
- Developing Clinician Support

Featured Entrepreneurs
- Neuronoff, Inc., Valencia, CA. Manufacturer of neuromodulation technology for selective nerve stimulation or block.
- Tivic Health, Menlo Park, CA. Manufacturer of bioelectronic neuromodulation device for sinus pain.
- Highland Instruments, Cambridge, MA. Manufacturer of noninvasive electrosonic brain stimulation for arthritis pain.

The Management and Investment Conference for Neurotechnology Professionals

At this two-day conference, attendees will:
- Interact with key VC firms in the neuro space
- Keep abreast of the latest neurotech developments
- Acquire management insight on issues facing the industry
This two-day conference offers an exclusive forum for neurotechnology executives and entrepreneurs to interact with investors, technologists, and potential partners who are actively working to grow this new and exciting industry. The schedule of presentations and panel discussions features a host of experts with a wealth of information on the neurotechnology industry and the investment community.

Sessions will cover a range of technologies and market segments in the neuro space, including neuromodulation, neuroprosthetics, neurosensing, and neurorehabilitation. The first day of the conference features sessions on the market for neuromodulation devices, including an in-depth overview of the industry by Neurotech Reports editor James Cavuoto. Executives from several startups and early stage neurotechnology companies will take part in an Entrepreneur Panel. Keynote speaker Dr. Hunter Peckham, cofounder of the Institute for Functional Restoration at Case Western Reserve University, will discuss his experience as a pioneer in neuroprosthetics. The second day of the conference features sessions devoted to bioelectronic medicine, neurorehabilitation, and neurodiagnostics. Representatives of several new-frontier neurotechnology companies will make presentations as well as users of the new technology.

**Hotel Information**

The Embassy Suites San Francisco Airport Waterfront is located at 150 Anza Blvd., Burlingame, CA 94010. A limited number of rooms are available for $219 per night. Call the hotel at 650 342 4600 and mention Neurotech Leaders Forum to secure this rate.

**Speakers and Panelists**

**Conference Moderators**

James Cavuoto, Editor and Publisher, Neurotech Reports

Jennifer French, Senior Editor and Associate Publisher, Neurotech Reports

Jeremy Koff, Senior Contributing Editor, Neurotech Reports

**Panelists and Presenters**

**Michael Ackermann, Ph.D., Presidio Medical**

**Bashar Badran, Ph.D., University of New Mexico**

**Joe Bird, Maynard Cooper**

**Dries Breaken, Ph.D., IMEC**

**Edward Chang, M.D., Center for Neural Engineering**

**Andy Cornell, Ph.D., Case-Coulter Translational Research Partnership**

**Chris Czura, Ph.D., Feinstein Institute**

**John Donoghue, Ph.D., Wynn Center**

**Imran Elsa, Action Potential Venture Capital**

**Stephanie Fertig, National Institutes of Health**

**Frank Fischer, NeuroPACE Inc.**

**Blake Gurfein, Ph.D., Tivic Health**

**Nick Halper, Blackrock Microsystems**

**Brian Highley, Cirec Medical Systems**

**Tom Hughes, RCRI**

**Andrew Kelly, Cactus Semiconductor**

**Courtney Ladd, Anacapa Clinical Research**

**Nick Langhals, Ph.D., National Institutes of Health**

**Mark Lindon, Bieneck Inc.**

**Hunter Peckham, Ph.D., Institute for Functional Restoration**

**Victor Pikov, Ph.D., Medpace, Inc.**

**Dan Rizzuto, Ph.D., Nia Therapeutics**

**Prasad Shrivalkar, M.D., Ph.D., UC San Francisco**

**Pawel Slouch, NeuroDevice Group S.A.**

**Philip Starr, M.D., Ph.D., UC San Francisco**

**Christin Welde, Ph.D., University of Colorado**

**Conference Moderators**

James Cavuoto, Editor and Publisher, Neurotech Reports

Jennifer French, Senior Editor and Associate Publisher, Neurotech Reports

Jeremy Koff, Senior Contributing Editor, Neurotech Reports

**Registration Form**

**Day One**

8:00–8:30 Registration and Coffee

8:30–9:15 State of the Neurotechnology Industry: 2018

9:15-10:00 Preparing for Exit: Neuromodulation Alternatives

11:15-12:00 Sharing the Pain: What the Opioid Crisis Means for Neuromodulation

12:00–1:30 Luncheon

1:30–3:00 Neurotechnology Entrepreneur Panel

3:00–3:30 Refreshment Break

3:30–4:15 Probing the Lead: Advances in Neural Interface Technology

4:15–5:00 Paying the Piper: New Directions in Pricing and Reimbursement

5:00–7:00 Cocktail Reception

**Day Two**

8:00–8:30 Registration and Coffee

8:30–9:15 Standing Out from the Crowd: Neuromodulation Gets Competitive

10:00–10:30 Coffee Break

11:15-12:00 Going Bioelectronic: The Coming Merger of Neuron Modulation and Bioelectronic Medicine

12:00–1:30 Luncheon

1:30–3:00 Neurotechnology Entrepreneur Panel

3:00–3:30 Refreshment Break

3:30–4:15 Neurotech's Farm System: Nurturing the Next Generation of Devices and Therapies

4:15–5:00 Brain Barriers: Exploring the Limits of Brain Stimulation and Sensing

5:00–7:00 Cocktail Reception
